NO CHANGE IN SITUATION.

Mitchell Declares Miners Are Holding

Out with Determination. WILKESBARRE, Pa., Aug. 3.-President Mitchell, of the United Mine Workers, made another visit to Scranton to-day. Before going, he said there was no change in the strike situation. He did not think an attempt would be made to resume work at any of the collieries during the coming week. From what he could learn the Oxford mine, in the Lackawanna region, was being operated by new men. None of the old employes had returned, and at a meeting they pledged themselves not to return. Mr. Mitchell said the same conditions prevailed throughout the entire region. The strikers were still confident they were going to win, and so long as they felt that way there was little probability that they

would report for work. It was reported to-day that work will be resumed at the Woodward colliery of the Delaware, Lackawanna & Western Company to-morrow and that a number of other firemen would report for work. State Secretary J. F. Mullahy, of the Stationary Firemen's Association, did not think any of the firemen would go back, but he issued an address to-day, urging all striking firemen to keep away from the mines and stand by Mitchell until the strike was won. Alliance, two organizations said to be opposed to the Citizens' Alliance, have been organized here. They will send a petition, signed by thousands of citizens, to the coal operators, asking them to arbitrate, and if they refuse, Governor Stone will be requested to take some action to compel the coal companies to come to terms with their employes. The second installment of the relief fund has been received here and will be dis-

tributed to-morrow. RIOTS IN MANY TOWNS.

Street-Car Men Cause a Reign of Terror in Three States.

IRONTON, O., Aug. 3 .- The strike of the employes of the Camden Interstate Electric Railway almost completely tied up the lines from Guyandotte, W. Va., to Hanging hours all the nonunion men were driven from the cars in this city by violence. Crowds gathered at street intersections, hurling fruit, eggs and other missiles at motormen and conductors. At noon James Sanders, a union man, who refused to quit, river. On pro his car he was escorted home in a roundabout way to escape the crowds. The conductor on the same car and linemen were taken were held up all over the city until noon, starting The Monk. when traffic was suspended. The nonunion men also were afraid to run through the crowds at Catlettsburg and Ashland, Ky. and other points on the Kentucky and West

Virgina sides of the Ohio river. The Ironton strikers ran cabs and secured more passengers than the street cars, women who chose the ancient mode of con-Veyance being cheered by the crowds. The concert at Beechwood Park, the railroad company's pleasure resort, was abandoned, the Ironton orchestra declining to play after the strike was declared. The crowds of union sympathizers had full sway, without molestation from the authorities, not a policeman showing up at any of the points of disturbance. The local militia will leave for camp at Newark to-morrow, and the preservation of order will devolve on the officials in case of more serious outbreaks, almost certain to occur if the cars are operated.

Seth Vinson, of Huntington, W. Va., general attorney of the Camden Company, arrived here this evening and held an informal conference with the strike leaders. He said the company was willing to recognize the union, but there were no assurances to-night of speedy settlement.

Disorder at Huntington.

HUNTINGTON, W. Va., Aug. 3 .- There has been general disorder to-day throughout Huntington, Central City and other towns through which the lines of the Camden Interstate Railway runs as a result of the general strike order of the motormen and conductors, which was to have taken effect

ADJUSTMENT AT HAND.

Satisfactorily Settled.

Special to the Indianapolis Journal. BEDFORD, Ind., Aug. 3.-From present indications the trouble between the sawyers and the Bedford Quarries Company that have been manifest the past two days will be amiably settled and the men will return to work on Monday. The men have been putting in an extra half hour daily at that time and taking it back by quitting work earlier on Saturdays.

It is said that instead of cutting the wages, the Bedford Quarries Company, together with all the other quarries, will voluntarily raise the wages of a number of the men in several departments.

HARD WEDDING JOURNEY.

Young Couple Walking from Richmond, Va., to Dayton, O.

BALTIMORE, Aug. 3.-To walk from Richmond, Va., to Dayton, O., is the task set by a young couple who left here today. They stated at the office of the Superintendent of Charities that they had eloped from Dayton four months ago and had gone to Washington, where they were married. This part of the story was substantiated by the marriage certificate which they exhibited. From Washington they said they had gone to Richmond, where the young man had secured employment as a conductor of a trolley car. Then came a strike and the husband lost his position. His lungs were not strong and they decided that he would be better off at Dayton, especially as there did not seem to be any way to make a living for himself and wife in Richmond, whereas he is confident of securing employment in They had very little money and decided to walk, and started out, heading for Baltimore, as one of the stopping places.
